The Next 30 Days of Season 28

Xbox Explorer Path Experience

October was an amazing month, but that is hardly a surprise when it comes to this community. What was a humbling surprise was how much participation there was in the new Xbox Ambassadors Accessibility Explorer Path. We launched this feature last month and already have over 150,000 mission completions. Well done, Ambassadors!

We lay the challenge out now. Can we make it to 300,000 mission completions by the end of this season? Can you finish your Accessibility Explorer Path?

Some Ambassadors may have already finished all their missions there – or thought they had. With the start of a new month comes new missions under the Accessibility tab. These missions are all about communication, such as trying the text-to-speech feature on Xbox.

Xbox Ambassadors Community Managers

We'd like to introduce the newest member of the team: CapyyQueen! She's a life-long gamer and capybara lover. Be sure to say hi if you see her online.

CapyyQueen – our newest Community Manager

We'd also like to congratulate Taxel on his recent promotion. Taxel has been promoted from Community Manager to Community Program Lead. In his new role, he'll be less involved in day-to-day community engagement and focusing more on ways to connect Xbox community members to Xbox staff. If you need to reach a Community Manager, contact MtnMommaBear or CapyyQueen. Be sure to wish him congratulations when you see him.

Family Stories Month

November is Family Stories Month, and we want to hear your stories! Check the Seasonal Missions weekly for new prompts and share on social media with #XAFamStories.

Are you the only gamer in your family? No problem! You can still participate in these missions with stories of your found family and/or gaming friends.
